

Maryland Horse Breeders Association

The Maryland Horse Breeders Association (MHBA) has been the leading horse industry advocate in the state since its founding in 1929. It functions as an informational resource for horse breeders and owners, for the media, for national, community and governmental organizations and for the general public.

As a service organization, the MHBA provides industry infor-

mation, educational opportunities and legislative representation to its membership, who include breeders, owners, trainers and horse enthusiasts of all kinds. The MHBA publishes a monthly newsletter, as well as *Mid-Atlantic Thoroughbred* magazine.

The MHBA helped innovate, and now administers, several state-oriented incentive programs. Both the Maryland-Bred Race Fund, created by statute in

1962 for Thoroughbreds foaled in Maryland, and the Maryland Million, chartered in 1985 for Thoroughbreds conceived in Maryland, were the first programs of their kind anywhere in the U.S. *

The Maryland Fund

The Maryland Fund was created by the General Assembly in 1962. Maryland was the first state to develop a legislated incentive program to encourage the improvement of Thoroughbred breeding and racing.

In Maryland, there are seven categories through which monies from the fund are made available: 1) purse money for races for registered Maryland-breds, 2) awards for owners of winning registered Maryland-breds, 3) awards for breeders of winning and stakes-placed registered Maryland-breds, 4) awards for stallions who sire registered Maryland-bred winners and stakes-placed horses, 5) purse premiums for owners of registered Maryland-breds in selected unrestricted stakes, 6) bonus awards for the highest-earning 2 and 3-year-olds shown at the annual MHBA yearling show and

7) an allocation for purses for Maryland-sired horses.

Currently, the Maryland Fund receives slightly less than 1 percent of the total mutuel handle and breakage from Laurel and Pimlico (the state's two major tracks), and receives approximately 1.5 percent of the mutuel handle and 5.0 percent of the breakage at Timonium (the state's only minor track).

Of the 55 percent designated for purses and owner awards, 66 $\frac{2}{3}$ percent is allocated to purses and 33 $\frac{1}{3}$ percent is allocated to owner awards. The remaining 45 percent is distributed in the form of breeder awards and stallion awards. (Maryland Million day's awards are based upon a separate formula.)

Owner awards are paid to the owners of all registered Maryland-breds when they win any race (including all maiden claiming races) other than stakes, starter races or claiming races in which

the winner runs for a claiming price of less than \$20,000.

Breeder and stallion awards are paid for the registered Maryland-bred who wins any race or finishes second, third or fourth in any stakes race in Maryland. Historically, the breeder award has been approximately twice the amount of the stallion award. In stakes races the award is based on the first \$100,000 of the gross purse.

In order to earn a breeder award, the winning (or stakes-placed) horse must be registered as a Maryland-bred. In order to earn a stallion award, the winning (or stakes-placed) horse must be registered as a Maryland-bred, and the sire must be registered with the MHBA, in addition to having been standing in Maryland at the time the winner was conceived.

The Maryland Fund program is administered by the Maryland

Racing Commission with the assistance and advice of the Maryland Fund Advisory Committee chaired by David Hayden, a member of the Maryland Racing Commission. Under the direction of the commission, the actual implementation of the fund, including maintaining the Maryland-bred registry and computing and distributing all bonus awards, is performed by the MHBA.

Owner, breeder and stallion award percentages are determined on a bi-annual basis on the advice of the Maryland Fund Advisory Committee. (For Maryland Million day, breeder and stallion award percentages are determined annually.) Awards are distributed at intervals of several weeks.

The stakes program is planned on an annual basis and is based on projected track handles for the coming year. *

1986 TOTALS	1,229,500	1,192,547	367,821	772,594	46,322	3,608,784

*Final totals shown are subject to change following annual audit. Awards net to recipients after MHBA service charges were deducted. Not listed in chart is the allocation to the MHBA's yearling show—\$20,000 through 1990; \$25,000 from 1991 through 1999; \$40,000 from 2000 through 2010. The owner award program was created in 1982 and began with the Pimlico program of March 13. It replaced a program of restricted Maryland-bred races which was begun in 1962. Commencing with Pimlico's 1986 summer meet, 3 percent of Fund monies have been allocated to purses for Maryland Million Day. Beginning in August 2005, breeder, owner and stallion bonuses are paid every two weeks, with the exact percentages for bonus calculations being determined bi-annually by the Maryland Racing Commission (Maryland Million Day is calculated separately).

2010 MARYLAND-BRED STAKES WINNERS

Maryland-bred runners and stakes horses of 2010

This list represents all 2010 starters with earnings of \$20,000 or more in North America, all 2010 stakes horses in North America and stakes winners abroad. SSIs were unavailable for foreign stakes winners. Final state statistics at end are the total for all state-bred runners and do not include foreign records. Stakes horses are indicated in bold type—winners in upper case letters, placed horses in upper and lower case.

STANDARD STARTS INDEX (SSI)

A numerical racing index based on average earnings per start of a runner in North America. It allows a comparison of racing performance of horses regardless of their year of birth or sex. The computation of the SSI takes into account inflation and the lower earning potential of fillies. The SSI is calculated by taking all the foals born in a given year and determining that crop's average earnings per start for each year that crop raced, calculating colts and fillies separately.

For example, the average earnings per start at two for all colts foaled in 1960 was \$400; and the average earnings per start at two for all fillies foaled in 1960 was \$283. Thus, a colt foaled in 1960 with average earnings per start at two of \$400 has an SSI of 1.00. And a filly foaled in 1960 with average earnings per start at two of \$283 also has an SSI of 1.00. Both the colt and filly have the same SSI due to the higher lifetime earning expectancy of colts.

A runner with an index of 1.00 is considered to be of the same caliber as all other runners with indexes of 1.00 regardless of the year foaled or sex. Thus, a colt foaled in 1930 which had an average per start of \$94 and an SSI of 1.00 for his crop and sex would be considered of the same caliber as a colt foaled in 1960 with an average earnings per start of \$400 and an SSI of 1.00. Those runners which have a SSI of 1.00 or above are in the top 21.4% of all runners.

SUPERIOR RUNNERS

Those runners which have a SSI of 3.98 or above, placing them in the top 3 percent of all runners based on SSIs.

MARYLAND-BRED RUNNERS, 1996-2010

2010 Maryland sires

Statistics compiled by Bloodstock Research Information Services for stallions represented by earnings of \$1,000 or more in 2010. Statistics are for racing through December 31, 2010 and include foreign results from England, Ireland, France, Germany, Italy and Japan. †Indicates stallion represented by first crop to race. Explanation for abbreviations: Foals—total registered foals; Strs.—starters; Sts.—starts; Wnrs.—winners; %—percentage of winners from starters; BTW—black-type winners as defined by the International Cataloguing Standards Committee.
